

Cleaning Procedures

1. Each class will have its' own antibacterial spray, disposable cloth, which teachers will use to wipe down tables, door handles and any other hard surfaces being touched regularly throughout the day.
2. Staff will also regularly clean external door handles/panels and surfaces that are being used.
3. Extra cleaning equipment has been ordered.
4. Class shared resources to be cleaned regularly.
5. Tissue bins will be emptied twice daily by TAs, using disposable gloves.
6. Tables and any surfaces regularly touched to be cleaned at lunchtime and end of day.
7. The school will get a thorough clean, in accordance with cleaning guidance from the government at the end of each day.
8. If there is a suspected case of Covid19, we will follow the appropriate guidance and liaise with the Local Authority for support with a deep clean as appropriate.
