

Week Beginning: 2nd July 2018

This week your child's learning has focussed around the following areas. If you wish to continue their learning journey at home then please feel free to use the ideas and share with us by recording in whatever fashion you wish to (photos/child's mark-making/adult-scribed) in the home/school link book. Thank you!

English/Phonics/Reading:

This week we have been planning and writing shape poetry based on fish.

Ideas to support learning:

- Daily reading – even if it is only a page a night!
- Create your own shape poetry based on an object/animal of your choice.

Phonics:

Reception have been revising all sounds learnt so far

Tricky words - are, what, when.

Maths:

This week we have continued our work on number bonds that make 10. Year ones need to know these facts for quick recall.

Suggestions to support learning at home:

- Play the number bond game at home (copy attached.)
- Test your child on number bonds to 10 for quick recall.

Topic Work: PSHE– water safety.

This week we have been learning about water safety. We have made our own water safety videos.

- Make a water safety poster to tell others how to keep safe in the water.
- Make a water safety video and email it into school so we can share it with the class.

Thank you to those who have sent in photos of their sunflowers. We would really love to see some more!
